SUPPORT COORDINATION

At CCPC, we offer support coordination to all of our clients which has been designed to get the most value from your plan.

Support coordination includes:

- Sourcing providers
- Coordinating your support circle
- Assisting with NDIS planning
- Community connection
- Plan reviews

Support Coordination is provided through a Coordinator of Supports, also known as a CoS.

A CoS is a single point of contact who will help you work out what you can and can't claim and is there with you every step of the way in your NDIS journey.

"I don't know where I would be without CCPC and my Support Coordinator. I no longer feel alone and it has opened a new world to me. I see brighter futures ahead."

Kathryn, CCPC Participant
