SUPPORT COORDINATION

At CCPC, we offer support coordination designed to get the most value from your plan.

Support coordination includes:

- Sourcing providers
- Coordinating your circle of supports
- Assisting with NDIS planning
- Community connection
- Plan reviews

Support Coordination is provided through a Coordinator of Supports, also known as a CoS.

A CoS is a single point of contact who will assist you in reaching your goals and is with you every step of the way in your NDIS journey.

"I don't know where I would be without CCPC and my Support Coordinator. I no longer feel alone and it has opened a new world to me. I see brighter futures ahead."

Kathryn, CCPC Participant
