### **SUPPORT**COORDINATION

# At CCPC, we offer support coordination designed to get the most value from your plan.

Support Coordination helps you implement and maximize your plan to ensure the right mix of supports help you reach your goals. This helps you understand the NDIS process, identifies services that can assist you and supports engagement with your providers, while working towards building your capacity.

- 1.Help you connect to NDIS and other supports in line with your goals and your plan budget
- 2.Build your capacity and capability to understand your NDIS plan, navigate the NDIS and make your own decisions
- 3. Coordinate your support networks and plan budgets
- 4. Point of contact for all of your NDIS enquiries, including assisting with NDIS planning and reporting

A Support Coordinator does not provide Case Management or Advocacy. CCPC can help you connect with an advocacy service.
